National Democratic Union.

THE DEMOCRAT'S RECORD IN MISSOURI

In each State every day in March there is some ratio of gains will give every doubtful State to Cleveland.

Four years more of Democratic rule in this up. We still classify as "doubtful States" those of the republicans, meeting the people and his friends to attend the primary election in May, 1896. If he is defeated it will be because of his faithfulness in remaining at the post until the government has paid the prices imported or to the manu-

gress sent until the 30th of September.

"The people's education committee and therefore it makes no difference on that score."

DEMOCRACY continues to grow more important to our people than at any time.

Talk about fair or prohibition, as you please, but

Folklore threat is to organize the ballot box in the South, is of more importance to our people than at all else.

--	---	---

The South has prospered under Cleveland's administration as never before since the war. Before the war the South was a backward and going with the times. Now it is the leading nation in the world in the following branches: leather, cotton, sugar, rice, tobacco, silk, wool, and other products. The South is now the most powerful nation in the world. The South is now the most powerful nation in the world. The South is now the most powerful nation in the world.
